Request for Feedback: Ideas Presented

Feedback on Ideas Presented

ICC Staff is interested in whether there is support for, or concerns about, ideas presented:

1. If you support an idea presented during the meeting, please indicate the support and reasoning / rationale in written comments.
2. If you oppose or have concerns about an idea presented, please indicate the concern and reasoning / rationale in written comments.

The final Workshop Report will include a summary of support for, or concerns/opposition to, the ideas presented at Workshop meetings.

If no concerns are raised about a proposed idea, and the proposed idea receives support from parties, ICC Staff will take that fact into consideration when recommending which of the proposed ideas should be pursued.

Next Steps for Feedback Received

- **Send feedback on the questions posed, the ideas presented, or on any of the presentations to the Facilitator by Friday, February 18**
- Submitted comments are posted on the [ICC BE Workshops website](#)
- The final Workshop Report will rely in part on written feedback submitted throughout the Workshops
 - Final Workshop Report will identify “any material issues that remain unresolved at the conclusion of the process”
 - If a consensus resolution is reached on the questions, such resolution will be included in the Final Workshop Report
- For Workshop participants that submitted proposed idea templates, if there is additional detail beyond what was included in the proposed template that you want ICC Staff to include in its BE Workshop Report (e.g., came up in Q&A, was included in presentation but not submittal, new data released), **please include in written comments submitted to the Facilitator.**
